Ramping up Regional Meeting Support

How can we broaden our participation and support of regional meetings?

- Joint Southeast/Southwest meeting in 2020 seems like logical meeting to target (New Orleans, Oct 2020)
- Proactively support or organize symposium
- Reception; POLY sponsored coffee?
- “live” webinar? Webshop?
- AMA like discussion? Partner with other divisions?
- Future – co-locate workshop at regional meeting?
- Other ideas?
